

Mike maintains the computers, network and wireless for the church. Many other projects around technology and multimedia have his involvement as well, such as the TV displays and projectors in our various buildings. He also manages our facilities, working with contractors and planning with maintenance and (our amazing) housekeeping staff around events and changes to the campus

Connect with Mike if you'd like to know more about:

- Computers
- Really - anything about computers
- Our facilities

Email him at [mgill@canbyfoursquare.com](mailto:mgill@canbyfoursquare.com)
